Last Meeting of the Year

Coming up June 22 at 6:30 pm in the Naches Fire Station is our last meeting of the 21-22 Lions Year. Lion President will give her farewell address. She is moving on to be the Membership Chairman and Sportsman's Days Director. PDG and former Naches Lion David Heath will be on hand to install the officers for 22-23. Dinner will be potluck, bring a dish to share. We have been averaging 13-18 members at our meeting. Let's have a good turn out to thank Lion Lesley for her leadership this year. See you Wednesday Night.

Blood Drive

Don't know why this started typing in red. The Blood Drive is July 15 at the Nazarene Church 10:00-3:00. We are looking for donors and volunteers to help Lion John Strong during the day.

May 21 Service Projects

Yes, we did it. We provided two service projects on the same date at different locations. Lion Ron headed up a team of six Lions that opened our Prime Time Cabin located near Clear Lake. The other team headed to Selah Community Days as parade specialist. Five Lions were on this team including Lion Lyons, Sportsman's Day Parade Director.

Flags

The Flag Team worked on posting the colors on Naches poles in the early hours on May 26 to honor Memorial Day. The flags will remain up for Flag Day, June 14 and for Fourth of July, July 4th.

July Board Meeting

Lion President Elect Andrew's first board meeting is searching for a place to meet. The Deli is closed for remolding repairs in July.

Setting a Date

Perhaps at dinner we can set a date for a Lion's Den work party. This includes repairing the red benches used by Sportsman's Days.

Sportsman's Days

As summer warms up, so does the planning for summer's ending event Sportsman's Days. No before dinner planning meeting is planned for this month, but time will be given for a planning review during the meeting.

Camp Prime Time

"Who we are"

Since 1986, Camp Prime Time has served families with a seriously/terminally ill or developmentally disabled child (ren) in the Cascade Mountains just west of Naches, Washington. It provides a camping experience in the great outdoors where families can enjoy themselves in a supportive atmosphere at no cost to the family. Volunteers and donors serve as the core to camp operations, development, and funding activities. Campprimetime.org
